DATA & ANALYSIS FELLOW SPOTLIGHT

EDUCATION PIONEERS

Grow your team's **leadership and capacity** next summer.

Our 10-week Summer Fellowship gives you access to high-potential leaders who provide dedicated support in strategy, operations, project management, or data analytics for a defined project over the summer.

In 2025, we are excited to partner with school districts, charter school networks, state agencies, and other education entities in Washington, D.C., New York City Metro Area, Chicago, the San Francisco Bay Area, and Texas (Dallas/Fort Worth and Houston).

ADD CAPACITY IN DATA & ANALYSIS

Expertise in data and analysis paves the foundation for your organization to track meaningful achievement and progress towards goals and make data-driven decisions that are in the best interest of students and communities.

Data and Analysis Fellows can support your organization through:

- Data collection and management
- Visualization
- Modeling and forecasting
- Research and evaluation

Michael Varnerin
2023 Summer Fellow
AppleTree Institute for Education
Innovation

Michael used data to provide schools with a toolkit that gives them the power to advocate for and support the students and families they serve.

He spearheaded the organization's first data dashboard project, providing 13 school principals streamlined access to enrollment, assessment, and roster data. He also designed interactive data visualizations, helping stakeholders identify classrooms that required extra support.

After his Fellowship, Michael remained at AppleTree as an Associate Data Analyst.

McKain Williams
2023 Summer Fellow
Golden Apple

As a Fellow, McKain worked on the data analytics team at Golden Apple Foundation, an organization working to combat the teacher shortage by creating accessible and sustainable pathways to teaching careers across Illinois.

McKain analyzed quantitative and qualitative evaluation and feedback data from teachers in Golden Apple programming in order to create data visualization and storytelling around the scholar experience. She presented findings and recommendations to leadership to improve the teacher prep experience.

McKain now works with a consulting firm focused on educational and social impact solutions.
