

EP PARTNER SERVICES

OPERATIONS FELLOW SPOTLIGHT

EDUCATION PIONEERS

Grow your team's **leadership and capacity** next summer.

Our 10-week Summer Fellowship gives you access to high-potential leaders who provide dedicated support in strategy, operations, project management, or data analytics for a defined project over the summer.

In 2025, we are excited to partner with school districts, charter school networks, state agencies, and other education entities in Washington, D.C., New York City Metro Area, Chicago, the San Francisco Bay Area, and Texas (Dallas/Fort Worth and Houston).

ADD CAPACITY IN OPERATIONS

Fellows with operational aptitude will help you build efficient and effective systems to ensure that the maximum number of resources can be focused on student impact.

Operations Fellows can support your organization through:

- Facilities management
- Purchasing and vendor management
- Process and systems design
- Compliance

Heston Nguyen
2023 Summer Fellow
Etoile Academy Charter School

Heston worked with the principals of each campus to make sure they spent their money well, worked to help them find ways to save money, and strategized to help get more money for the school to get more quality teachers in the doors.

He worked to overhaul the school's proforma financial model to include forecasting capabilities and campus-specific information. He also developed the school's standard operating procedures to increase clarity throughout the organization's 90+ staff members.

He now leads the school's financial management initiatives as its Director of Finance.

Sarah Kim
2024 Summer Fellow
Chicago Public Schools

As a Fellow, Sarah was part of Chicago Public Schools' Department of Information and Technology Services. In this role, she worked to find ways equitable grading practices could be implemented in the district and brainstormed platforms to support these practices.

She led data error corrections processes, leading to resolutions for errors across 600+ schools; developed marketing, survey, and communications content; and implemented a project management tool within five teams.

Sarah received her bachelor's degree in statistics from the University of Michigan and is currently pursuing her master's in business analytics from the USC Marshall School of Business.
